MESSAGE FROM THE HEADMASTER

Winter break

Stockholm, 19/02/2021

The staff of LFSL Stockholm wishes you an excellent winter vacation.

It is with pleasure that we will meet again from March 08th in a sanitary context which we all wish is more favorable.

I would like to take this opportunity to warmly thank all the users (staff, students, legal guardians) who daily follow the health and pedagogical protocol.

This protocol is regularly adapted according to the evolution of the sanitary crisis and the local recommendations.

Thanks to the vigilance of all of us and our unity in the face of this crisis, we are limiting the risks of contamination. Thanks to all of you.

I would also like to thank the families who choose the LFSL and trust it for its establishment project and its specificity of being an international French high school in agreement with the AEFÉ.

The staff is very sensitive and works every day with your children in a spirit of kindness and listening but also of requirement and ambition.

I would like to thank all the staff for their professionalism and dedication to the service of the students, especially in this difficult period.

We are all committed to respecting the values of the French Republic, openness to the host country and respect for the local and French rules in force.

Our largely Franco-Swedish community has a duty to welcome the other in his or her difference.

When we are involved as users of the Lycée Français, we must support, accompany, respect and promote its values.

The implementation of the equal treatment plan, the fight against discrimination and the benevolence shown by all the staff for the well-being of the students is to be commended.

Students learn the rules of community life, living together in a multicultural project. This is not an achievement but a learning process. We are committed to helping them do so.

Education and teaching practiced within the family as well as at school is inseparable.

Finally, I would like to thank the students for their adaptability and their many qualities. It is a real pleasure for us to share our daily life with you...

Have a good vacation.

Aurélien LOYSON
